8. **OWL Labs Meeting System (Admin – Ashley Feschuk)** – Per Council’s authorization, tonight, this new meeting system is being used/tested to improve the video and sound quality for our Council meetings. The visuals were fantastic however the audio needs to be addressed with compatibility via the Facebook livestream – more testing to follow.

9. **CAO Sub-Committee Update** (*Chair/Mayor Garth Gillis*) – The CAO Sub-Committee met on Wednesday, June 10th for its very first meeting. Items presented for orientation included: the MGA required CAO tasks, the current CAO Contract as an example, a typical CAO Replacement Process model, the current 2nd person task list, sample job descriptions from Municipal Affairs and the FPEIM, some preliminary research on salaries for CAOs, and the list of tasks to be accomplished by the CAO prior to the December 31, 2026 departure. Following discussion, Committee members decided to adjourn the meeting and continue with the tasks “To Be Accomplished” at the next CAO Sub-Committee meeting to be held on July 8, 2026.
10. **Request for an additional Council Meeting - July** (*Councillor McGivern*). Currently, there are no Council Meetings (Regular or Special) scheduled for the month of July. As this year in particular is extremely busy, especially in preparation for a November General Municipal Election, I suggest that we add a Council meeting (Regular or Special) to our posted meeting roster – it was suggested July 15th would be the regular 3rd mtg of the month.

Moved by *Councillor McGivern* and **seconded** by *Deputy Mayor Docherty* to add a (Regular or Special) Council Meeting in July, to the RMB posted Council Meeting Roster for 2026.

12. **Selkirk Road Update** (*Deputy Mayor Docherty*) Two years ago concerns about speed along the Selkirk Road were communicated and since then Deputy Mayor Docherty has worked closely with multiple departments to achieve changes in order to make this community safer. A total of five speed studies were conducted, a collision history review, sightline review and verification. The following changes are scheduled to occur, the passing lanes between Route 3605 Rte 23 (Selkirk Road) and Rte 210 (Kinross Road) will be removed. Radar feedback signs will be installed along Rte 206 (Iona Road) approximately 400 metres East/West of the intersection Rte 23 (Selkirk Road) and Rte 206 (Iona Road)
13. **Belfast Rural Fire Department – Monthly Update** (*CAO Bob Brooks*) The BFD is well on their way to getting the expansion project finished this fiscal year. Good news is that they received approval from Rural Growth Initiative for 248,000.00 which will go a long way in helping the total 1.32-million-dollar project. RMB has had discussions with MP Kent MacDonald to see if he can assist in finding any Federal funding. There still needs to be about \$700,000.00 raised to support the expansion of the building.
14. **Association of PEI Municipalities – Meeting Report** (*Admin – Ashley Feschuk*) On Friday, May 22, Administration attended the Association of Municipal Administrators of PEI (AMAPEI) Annual General Meeting and Professional Development Day. The primary presentation was delivered by Jennifer Docherty of Proven HR and focused on sustaining leadership capacity for Chief Administrative Officers. Following the morning session, Satya Sen, Executive Director of the Federation of PEI Municipalities (FPEIM), shared his vision for a provincial shared-services model. One area discussed was development planning, as qualified planners continue to be difficult to recruit and retain. The concept explored

how FPEIM could potentially coordinate planning services for the 29 municipalities across Prince Edward Island that currently hold planning authority. After lunch, representatives from Municipal Affairs led discussions on succession planning, CAO retention, and the challenges municipalities face in recruiting and retaining experienced administrative leadership. The day concluded with the association's annual administrative and governance business. Administration was also invited to deliver a presentation at the association's fall conference in October.

15. **RMB Social Media Report** (*Admin – Ashley Feschuk*) 937 Followers 79.7% of RMB followers come from Council Meeting Reels and 18.8% come in from posts. 300 page visits in the past 28days which is up 31%. Top three areas for viewership Vernon Bridge 28.6%, Charlottetown 23.1% and Montague 17.2%. Our viewership is down 53% with only 5123 people watching in the past 28days- the trend is a spike the day after a council meeting. The average watch time is 3hours and 28minutes.
16. **MEMP – Municipal Emergency Management Plan – Wildfires Planning Exercise** (*Admin – Ashley Feschuk*) RMB Council has completed their mandatory tabletop exercise with the Province. EMO officer Chris Hancock conducted the meeting which walked Councillors and two fire department representatives through the full lifecycle of a major emergency—from initial wildfire response, through evacuation and sheltering, to recovery—while ensuring the municipality understands when to activate its emergency operations centre, how to set priorities, and how to support residents during and after a disaster. At this meeting Administration was able to discuss the need for a secondary unit of emergency supplies which may be available to our Municipality to support this location (our secondary) in case of emergencies. These shelter carts are excellent as they provide support to the facility providing us with 25 cots, blankets, pillows and hygiene products. Deputy Mayor Lynn Docherty volunteered to assist administration with her duties as Emergency Operations Coordinator and will serve the community as Deputy Emergency Management Officer. This role is critical to ensuring continuity during emergencies – Thank you Deputy Mayor Docherty.

18. **Remembering/Honouring Councillor Mary Meecher-Carlson** (*Admin – Ashley Feschuk*)

Tonight, we pause to remember our friend and fellow Councillor, Mary Carlson. After a lengthy and courageous battle with breast cancer, Mary passed away on Friday, June 5, 2026.

While we mourn her loss, we also take this opportunity to honour a life dedicated to family, friendship, and service to her community. Mary entered municipal politics with a desire to make a difference in the lives of those around her. She believed strongly in the importance of rural communities having a voice and was passionate about improving access to health care and services for residents. She understood the unique challenges faced by rural Islanders and was committed to ensuring those concerns were heard and addressed.

As a member of Council, Mary brought dedication, compassion, and a sincere commitment to the people she served. She cared deeply about her community and worked tirelessly to make it a better place for everyone. Her voice, perspective, and presence around the Council table will be greatly missed. It is especially fitting that one of the issues closest to Mary's heart was health care. Even while facing her own health challenges with remarkable courage and grace, she never lost sight of the needs of others or her desire to serve her community.

Beyond her public service, Mary will be remembered for the relationships she built, the kindness she showed others, and the positive impact she had on those fortunate enough to know her.

On behalf of Council and the entire community, we extend our heartfelt condolences to Scott, Tyler, and all of Mary's family and loved ones during this difficult time. May we honour Mary's memory through our continued service to the community she cared for so deeply. Her contributions will not be forgotten, and her legacy will remain a part of our community for years to come.
